

COVID-19 EMERGENCY REGULATION

The following "Covid-19 Emergency" Regulation (hereafter the Covid Regulation) has been issued by the Board of Directors and is aimed at allowing the gradual reorganization of all the services and activities carried out by the G.A.R., in compliance with priority health safety needs related to the risk of Covid-19 virus spreading.

The provisions of this Covid Regulation are temporary in nature and are closely linked to the continuation of the "Covid-19 emergency".

PARTICIPATION IN THE ACTIVITIES

Participation in the activities (e.g. camps) of the G.A.R. and / or the use of its facilities in Ischia di Castro is regulated and managed by employees and / or collaborators specifically appointed by the Association, who also have the task of ensuring that the participants comply with the provisions of this Regulation.

Staff personnel is informed about COVID-19 so as to safely perform the assigned tasks and prevent the possible spread of the virus within the facility. In addition, the staff is able to inform guests and make sure they are acknowledged in turn about the facility's policy in terms of prevention and established measures. The staff will also take all necessary precautions, including physical ones to ensure the minimum distances. In particular:

- The collaborators and / or the staff will install billboards illustrating the indications to be observed for the prevention of contagion from Covid-19;
- The collaborators and / or staff will, on a daily basis, sanitize and ventilate the rooms and premises where the activities will take place, in addition to all the rooms and areas used for overnight stays and meals;
- The collaborators and / or staff will serve the meals equipped with the necessary personal protective equipment (e.g. gloves, mask, etc.);
- The G.A.R. will install units to dispense disinfectant gel in the various areas where the activities will be carried out;
- The G.A.R. will arrange the furnishings within the facility in order to guarantee social distancing for the duration of the activity;

Participation is regulated according to the rules of Covid-19 prevention signs, which users undertake to observe.

Participants can join the activities only after signing the appropriate declaration prepared by the G.A.R.

During the stay, the temperature of the staff and guests will be monitored by means of a thermoscanner, both in the evening and in the morning; if the temperature is higher than 37.5 ° C, it will not be possible to continue the stay. A daily diary will be kept of the monitoring for each participant and / or staff member; the diary at the end of the stay will be delivered to the individual holder and every copy in the possession of the association will be destroyed no later than the thirtieth day from the end of the camp. In any case, in order to protect privacy, the cards will not show the name of the data holder but an alphanumeric code whose interpretation will be known only to the manager of the camp.

HYGIENIC - BEHAVIORAL PROVISIONS

Within the facility, compliance with the following behaviors is mandatory:

- wear masks with the requirements indicated in art. 3, paragraph 3, of the D.P.C.M. (Government Decree) April 26, 2020 aka community masks aka disposable masks or washable masks, even self-made, in multilayer materials suitable to provide an adequate barrier and at the same time, which guarantee comfort and breathability, adequate shape and adherence that allows to cover the face from the chin up to and including the nose. In the event that the participant does not have a mask, this will be provided by the G.A.R. ;
- refrain from accessing the kitchen premises, strictly forbidden to outsiders;
- maintain a minimum interpersonal distance of at least 1 meter;
- wash your hands frequently or use the dispensers with sanitizing gel located in the premises of the facility;
- avoid gatherings;
- avoid touching your eyes, nose and mouth with your hands;
- avoid hugs and handshakes;
- practice respiratory hygiene (sneezing and / or coughing in a handkerchief avoiding contact of the hands with the respiratory secretions; if a handkerchief is not available, sneeze in the inner fold of the elbow);
- immediately dispose of paper tissues or other used materials in suitable disposable containers;
- avoid sharing of bottles and glasses;
- do not abandon, even temporarily, the masks;
- respect the arrangement of the beds in the rooms without changing their position, as arranged by the Association in order to guarantee social distancing;
- use, if necessary but systematically, the germicidal gel dispensers for hands that will be installed in each room, in the dining room and in the other common spaces of the facility where the activities will take place;
- use digging tools only after wearing gloves and other personal protection equipment. In any case, during the archaeological dig hours the minimum distance for social distancing must be respected;
- respect the allocation of seats in the dining room as established and made known through appropriate signs by the organization;

Failure to comply with this Regulation will result in the immediate expulsion of the offender from the places and / or facility in which the activities of the G.A.R. are held.

SYMPTOMATIC CASES MANAGEMENT

In the event of the onset of symptoms from Covid 19 within the facility and / or during the activities, reporting to the competent bodies is envisaged, as well as hospitalization at the nearest hospital facility and the observation of the procedures that the Authorities will indicate in the case
